

H. Recertification Requirements

There are two basic requirements that document examiners *must* meet in order to be recertified. These requirements are as follows:

1. Applicants for recertification must be actively engaged in forensic document examination, be in direct supervision of other forensic document examiners or the training of forensic document examiners.
2. Applicants for recertification must be able to demonstrate that they have maintained *currency* in the profession. This will be done by a system of accumulating and documenting points in a manner prescribed by the Board. To further this end, the Board has created a procedure and set of guidelines to efficiently collect, monitor, and report the accumulation of the necessary recertification points by all Diplomates. The implementation of requiring annual recertification updates began on a voluntary basis August 15, 1997, and became mandatory August 15, 1999. Each Diplomate is assigned a Manager who will be responsible to the Diplomates assigned to them. The system will adhere to the following schedule of events:
 - 2.1 Recertification points are for five years and begin with the actual date first certified.
 - 2.2 Documentation of participation for which points are requested must be submitted with the Annual Update Submission form.
 - 2.2 Mandatory annual updates shall be required August 15 of each year. Diplomates shall send all updates directly to their Diplomate Managers.
 - 2.3 A 60-day grace period shall follow each mandatory update deadline for administrative activity between the Diplomate and the Diplomate Manager. Points that could be requested for the current update period shall be forfeited if the annual update is not received by the Diplomate Manager, properly documented and postmarked prior to the end of the 60-day grace period.
 - 2.3.1 As appropriate, the Diplomate Managers will send letters of notification to the Diplomates regarding mandatory update deadlines, the activation of grace periods, to advise of the expiration of grace periods, and to provide a Notification of Points Awarded (NOPA) for current and to-date points.
 - 2.3.2 Failure to timely submit an annual update shall not affect points previously awarded or points to be requested in the future. It shall only result in a forfeiture of points requested in the current update period.
3. The various activities for which points can be accumulated are described as follows:
 - 3.1 Registration and participation at forensic meetings/webinars recognized by the Board.

- 3.1.1 Registered participation: 2 points per half-day or 0.50 points per hour, with no maximum number of points per five year recertification period.
 - 3.1.2 Paper presentations: 10 points per different paper, with no maximum points per five year recertification period.
Note: In order to receive points, the paper must be in written form and available for distribution at the meeting. A copy of the paper must accompany the yearly update form.
Note: Points cannot be claimed under this category if points are claimed for publishing this paper in a journal, under paragraph 3.2.1 below.
